

Zrythm - Bug #1543

MUTE button does not mute the post-fader send as putting down the fader

05/19/2020 09:12 AM - Anonymous

Status:	Closed	Start date:	05/19/2020

Target version:	0.9 beta	Spent time:	0.00 hour
Description			
<p>Hello,</p> <p>The post-fader send is well muted when i put the volume fader of the track down, but when i press the Mute button it is not. If i mute one track with the mute button the track does not produce any sound(good!) but the post-fader send keeps sending its sound sound to the bus (bad :).</p> <p>I think the normal behavior would be to mute all post fader sends when muting the track.</p> <p>Sahaathyva</p>
